Gender Specialist - Center for Gender Equality in International Affairs

DESIRED START DATE: October 24, 2016
APPROXIMATE HOURS PER WEEK: 10
DOLLARS PER HOUR: 15.00

POSITION DESCRIPTION
The Elliott School of International Affairs is establishing a Center on Gender Equality in International Affairs. The Center will become a signature component of the Elliott School’s excellence in educational instruction and research, establishing the school as a leader on gender equality among international affairs schools.

The Center on Gender Equality in International Affairs seeks a part-time student assistant to work closely with the director and associated faculty members in all of the program’s activities, including programming, event planning, and student engagement.

The position provides a particular opportunity for the development of knowledge and skills on gender mainstreaming strategy development, and those with experience in or with the professional aim of working on gender equality are encouraged to apply. A candidate should be a team player who can develop a strong working relationship with the Director and other staff peers.

Specific tasks will include:
- Supporting engagement research institutes;
- Providing day-to-day administrative and operational activity support such as scheduling and report writing;
- Supporting the creation and maintenance of website and social media content (blogs, Twitter, and Facebook accounts);
- Organizing conferences, panel discussions and events at the Elliott School, including event administration and logistics;
- Supporting long-term projects and relationships, such as research projects and grants, collaboration with partner institutions;
- Other duties as assigned. The omission of specific duties does not preclude the supervisor from assigning duties that are logically related to the position.

An Elliott School staff member associated with the Center on Gender Equality in International Affairs will work with the Gender Specialist and the Center Director to coordinate major events, grants, budgets, visiting scholars, and other interns. The specific division of work will be set out at the time of hire based on previous experience and the needs of the Center at the time. This position has an opportunity to take on greater administrative responsibilities over time with training from the staff member.

Job available on GWork with the code: 854438; deadline October, 24th 2016.
Fensterheim & Bean, P.C. (“F&B”) is a small boutique law firm with a national and international clientele. Founded in 1994, F&B specializes in entrepreneurial litigation and distressed asset opportunities. We are currently seeking a part-time file clerk to join our team.

WORK WITH ENVIRONMENT AMERICA

Think bold? Work hard? WE’RE HIRING.

ABOUT THE JOB
You know what needs to be done. America needs to move to 100% renewable energy, keep fossil fuels in the ground, ban pesticides that kill off bees and other pollinators, expand protections for our parks and wildlife, and more.

How can you win real results right now while getting us on track toward that green future? Consider being an Environment America fellow.

You might organize a town hall meeting on solar power. You might release a hard-hitting report on power plant pollution. You might build a coalition around clean water or fracking. You will build the organizational power—the funds, the membership, the activist base—that it takes to keep all of this critical work going for the long haul.

As an Environment America fellow, you think boldly but work hard—to create more solar and wind power, reduce global warming pollution, keep our parks permanently protected and in public hands, and protect our water from fracking and factory farms.

WHAT YOU’LL DO

Research and write reports: Catalogue and analyze sources of carbon pollution in the United States. Detail the success of the Clean Water Act in our reports. Help us to influence public debate and earn media attention for our cause.

Lobby elected officials: Discuss strategy with a champion in Congress. Make a convincing case to a legislator who is undecided on a particular vote. Work the “inside game” to complement our outside field operation, where most of our power is derived.

Build powerful coalitions: Reach out to small businesses, farmers, public health officials, unions and others to demonstrate broad-based support for our policy goals.

Generate traditional media and social media attention: Organize news conferences and write opinion pieces. Maintain a presence on Facebook and Twitter for your campaigns. Work to shine a spotlight on our issues.

Run citizen outreach campaigns: Direct citizen outreach offices. Hire and manage a staff of 20 canvassers, raise money, build our membership and help win one of our key campaigns.

Identify and cultivate donors: Reach out to foundations and major donors and ask them to fund our work to fight global warming, ban fracking and protect our most spectacular natural areas.

PAY & BENEFITS
The target annual compensation for this position is $26,000 in the first year. Environment America offers a competitive benefits package. We also offer an excellent training program and opportunities for advancement.

The House Judiciary Committee is seeking Interns for the Spring semester:

Although our internship is unpaid, it allows flexible scheduling for our interns (comfortable with as little as 18 hours/week commitment, and as much as 40 hours/week is welcomed too), and offers invaluable insight to young adults who have an interest in civil service, particularly in relation to judicial matters. A little bit about our Committee’s intern program:

- For **undergraduate students** – our Committee will staff 2 interns year-round who are in their undergraduates years of study. The students will work to assist our Full Committee office in duties to include: legislative research, oversight of Committee proceedings, office administration, and special projects as directed by full-time staff.

- For **law students** – our Committee will staff 5 interns year-round who are in law school. Each student will be assigned to 1 of 5 subcommittees of our Office, and work to assist said subcommittee in: legal research, bill editing, extensive writing, preparing for and leading legislative meetings/proceedings, and special projects as directed by the small staffs of each subcommittee.

As the link above reflects, internship applications are due to my email inbox by end-of-the-day on Wednesday, Oct. 12. If interns make it through an initial review of applications, they will be contacted about setting a time for a phone interview later that week or the following week. Intern slot selections will be made by the Chairman of the Committee by early November.

The Democratic Coalition Against Trump, the nation’s largest grassroots anti-Trump organization is looking for student ambassadors. There are less than fifty days left in this election, but that is plenty of time for students to get involved in our organization and make a difference.

Our organization is mobilizing college students to stand against Donald Trump this November through our Students Against Trump campaign. **We're looking for motivated and passionate students to join our campus engagement program as Campus Ambassadors.** Campus Ambassadors will manage “Students Against Trump” groups on campus, which will serve as hubs for political engagement and organizing and as a liaison to the national “Stop Trump” movement.

Students of all majors are welcome to apply, but the number of positions per school is limited and applications are processed on a rolling basis. Therefore, interested students are encouraged to apply as early as possible.

Students can apply by filling out **this form**. Questions about the Campus Ambassador program or the Democratic Coalition Against Trump should be directed to Emmett@KeepAmericaGreat.us

Sincerely,

Emmett Eldred
